# Memorandum

TO : C/ASD

DATE: 11 August 1965

FROM : DD/S&D

SUBJECT:

25X1A In my mail of 10 August I have Memo's of Conversation by   25X1A  
  dated 3, 4, and 5 August plus conversations with  
25X1A   of 8 August. I think these things could be a little bit more timely;  
25X1A I am also concerned with the 3, 4, and 5 August memoranda that we are  
operating a technical advisory system for  . While I think we should  
be helpful and cooperative, I do think we are going a little bit far here.  
Doesn't he have engineers of his own?
